2022-2025

Bachelor of Computer Applications

Percentage: 71 till 4th sem

•Oxford Sr. Sec. School

2022

Central Board of Secondary Education, Bihar

12th Percentage: 63.80

•DAV

2020

Central Board of Secondary Education, Bihar

10th Percentage: 73

PERSONAL PROJECTS

•Medi-Mitra (Pharmacy Management Application)

Jan-April 2025

A product management, multi-role authentication (Doctor, Nurse, User), shopping cart, and healthcare booking features.

- Node.js, Express.js, MongoDB, React.js, Redux, JavaScript, CSS
- * Built a responsive web application enabling users to browse, search, and purchase pharmacy products.
- * Implemented secure authentication for doctors, nurses, and users.
- * Integrated appointment booking and healthcare service modules.
- * Improved operational efficiency and user experience for pharmacy management.

•Krishak – Farm Marketplace Platform

June 2025

Full-stack farm marketplace web app for buying/selling agricultural products.

- Tools & technologies used: React, Vite, Chakra UI, Node.js, Express.js, MongoDB, Mongoose, REST API, JWT, Tailwind CSS
- * Streamlined agri-product buying/selling for users and sellers
- * Empowered farmers to reach wider markets, boosting sales
- * Built a user-friendly interface with category-based filtering
- * Automated orders and inventory to reduce seller workload
- * Delivered scalable, maintainable code for future growth
- * Integrated frontend/backend seamlessly through collaboration

•Expense Tracker

Mar 2025

A full-stack Expense Tracker application with Charts, focusing on both backend and frontend components.

- Tools & technologies used: Node.js, Express.js, MongoDB, Mongoose, JWT, Multer, xlsx, dotenv, bcryptjs, React, Vite
- Built secure, scalable RESTful APIs
- Enabled receipt uploads via Multer and secured routes with JWT middleware.
- * Integrated Excel import/export of financial data using the xlsx library for seamless data handling.
- * Collaborated on frontend integration, ensuring smooth API consumption by a React-based UI.
- * Delivered a robust expense management system with real-time analytics, user-friendly dashboards, and efficient financial tracking.

TECHNICAL SKILLS AND INTERESTS

Languages: C/C++ , Java, Python, Java-Script

Developer Tools: VS code , Cursor Ai

Frameworks: React, React Native

Cloud/Databases: MongoDb Atlas, MySql

Soft Skills: Communication, Problem-solving, Teamwork, Adaptability, Time Management

Coursework: DSA, System Design, OOPS, OS, SE principles, DBMS

Areas of Interest: Web-APP development, Creative Tech Branding, Scalable System Architecture

ACHIEVEMENTS

•150+ DSA Questions Completed 150+ questions on leetcode

2024-present

•MERN-Certification Completed my Mern Full Stack Certification from GRAS tech, noida

Feb-June 2025
